**NEWSLETTER | 24 January 2020 | VOLUME 1**

## **FROM THE HEAD**

Dear Parents

At the beginning of this year we welcomed 82 Grade 8 students spread over 4 classes into our College with a moving and meaningful Tie Hand-Over Ceremony on the first day of the academic year.

After our Grade 12 students assisted them in putting on their ties, I challenged our youngest College students to preserve the values that we hold dear:

- That they will do their best in whatever they commit to; seeking to attain excellence in academics, sport and the arts; that they give willingly and unselfishly of their talents to their College as well as their time and service to the underprivileged – always remembering our motto – “We Shall Give Back.”
- That they carry themselves with dignity and humility; wearing their uniform with pride and remembering that others judge our College by their individual actions and behaviour.
- That they understand that everyone is an individual and deserves to be treated with respect and we ask that they exercise tolerance and acceptance of those who might be different from themselves.

In addition, we also welcomed eight new Grade 9 students; fifteen new Grade 10 students and three new Grade 11 students into our College. We were also excited to welcome our new boarders. We currently have 26 boarders – 16 girls and 10 boys in the capable care of our Head of Boys’ Boarding, Mr Hadyn Skinner, and the Head of Girls’ Boarding, Ms Ann Couzens.

We started the year off with 362 students – 181 boys and 181 girls – which is double than the number of students that we had only three years ago. Our challenge as we grow bigger is to never lose that family feel foundation. That is why I am pleased to let you know that this year we have introduced two new periods into our weekly timetable to enhance the pastoral care of our students.

We have introduced a register teacher period every alternate Friday allowing for the register teachers to have more meaningful engagement with their classes. Whereas the register classes consist of students in the same grade; we have introduced a tutor period for small ‘family groups’ of roughly 12 to 15 in size and consisting of students in Grades 8 to 12 under the guidance of a staff member who acts as tutor. The tutor groups have been decided based on house affiliation to continue to foster house and school spirit. In so doing we wish for every College student to feel valued as a member of our College family and to provide opportunities for students to connect with other grades in a safe and nurturing environment where respectful, but frank communication and discussions will be encouraged. The tutor groups will remain in place for the duration of the students’ high school

careers, with new “family” members being added at the beginning of each new year, and older “siblings” leaving at the end of their Matric year.

As a staff, we have chosen “Confidence is Key” as our theme for the year. Our College teachers have committed themselves to finding creative ways to cultivate curiosity and to develop confidence in our students in order for them to be equipped to handle anything that life throws in your way.

Confidence means feeling sure of yourself and your abilities — not in an arrogant way, but in a realistic, secure way. Confidence isn't about feeling superior to others. It's a quiet inner knowledge that you're capable. Although confidence comes naturally with success, success comes only to those who are confident.

Please would you have confidence in the knowledge that your child's future is in the safe hands of a compassionate, committed and experienced group of Reddam House Umhlanga teachers. They will never leave a single student behind. Our track record as a College following three years' of exceptional IEB NSC academic results must be reason enough for you to have confidence that we do know what we are doing. (For details of our 2019 IEB NSC results please find the detailed synopsis under the Newsletter tab on the Reddam House App).

We look forward to watching the progress and achievements of our incredibly talented group of new and existing College students with much interest in the coming months. I wish every member of the Reddam House Umhlanga family success and much happiness for the year ahead.

ADAM ROGERS  
HEADMASTER

### **Grade 8 Orientation Week**

There was great excitement as our 82 new Grade 8 students embarked upon their College journey and joined our Reddam House Umhlanga family. To allow them the opportunity to settle into the College, the Grade 8's spent their first week of school involved in a fun and informative Orientation Week.

They began their Orientation week by being inducted into the College at a Tie Ceremony. Throughout the rest of the week, they got to experience and navigate their way through the College corridors and outside facilities. They dove right into fun opportunities to connect with each other. These were led by our Grade 12 Student Support Council. They then participated in workshops with our senior College staff in charge of sport, academics and student affairs. The House Captains got them 'fired up' in various Art, Drama and Music workshops.

On Monday, they began the new week as fully-fledged College students, equipped with the know-how and confidence to take on the timetable. We trust they are on their way to feeling settled and at home.

## WhatsApp Groups

Every year parents compile personal Whatsapp groups in order to get quick answers to questions that parents have but are not sure where to access the relevant information. **Please note that Whatsapp groups will never be used by the College as the official means of communication** and no parent will ever be tasked with being the spokesperson of the College.

We do not have 'Class Moms' in the College. Staff members who happen to be on these groups know that they may never comment for risk of such statements being misconstrued as official College statements. We request that parents not speak disparagingly about the College, the staff or push their own personal agenda on these Whatsapp groups as this can be incredibly undermining and divisive.

## Compulsory Events this Term

In keeping with the wonderful start that we made in building up school spirit last year, we will be continuing with compulsory attendance at certain school events this term:

### **Tuesday 4 February at 18:00 (Senior Executive Induction Ceremony)**

This is compulsory for all Grade 11 and 12 students. Grade 12 parents will be invited to attend the ceremony followed by a Cocktail Party in the College Functions Room. Students are to wear their “step out” uniforms.

### **Friday 14 February from 14:00 to 17:00 (First Boys’ and Girls’ Waterpolo Matches)**

All Grade 8 to 12 students will be expected to attend the First Boys’ Waterpolo match against DHS and the First Girls’ Waterpolo match against Danville Park High School in the Reddam House Umhlanga pool. The matches should conclude by 17:00. As this is a Friday, students will be dressed in their “step out” uniform.

### **Thursday 27 February 12:30 to 15:00 (D & D Co-Ed A Schools’ Gala)**

Our Swimming Team will be competing in the D & D Co-Ed Schools’ A League Gala that Reddam House Umhlanga will be hosting at Kings Park Swimming Pool. All Grade 8 to 12 students are expected to support. Transport will be provided for the entire school. The gala will conclude at approximately 15:00 and students will be transported back to school by approximately 15:45.

Please note that these are compulsory events on our school calendar. Roll call will be taken before and after the events. More details regarding these compulsory events will be communicated closer to the time.

## Gap Year Experience

We received exciting news from Heather Dixon (RHU Class of 2019) who is now a ‘Gappie’ at a private school called Port Regis, situated just outside Shaftsbury in Dorset. The school accepts pupils from the age of 2 years to 13 years, and has a list of famous people who have attended the school, including the Queen’s grandchildren, Zara and Peter. During the day she has been assigned to the Design and Technology department because of her desire to study engineering. She also assists with all sports, including attending matches after school and on Saturdays. This amazing opportunity will hopefully teach her a lot about people, different cultures and the working world as part of life’s lessons. We thoroughly recommend such opportunities to matriculating students wishing to experience a gap year. Please contact the Grade Head, Mr Adam Rogers, for more details.

### Letter from the IEB: Exceptional Performance

We received the following letter from the CEO of the IEB, Ms Anne Oberholzer, at the start of the year:

*The IEB has observed that the Class of 2019 at your school achieved a 100% pass rate in the National Senior Certificate examination conducted by the IEB. However in addition, the 2019 NSC learners achieved a 100% pass rate with entry to degree study. This is an achievement of which your school community can be proud.*

*This exceptionally good performance is indicative of motivated learners and a committed teaching cohort. Not only do they set high expectations for learners, but also encourage and support them to achieve these standards. It is also indicative of outstanding leadership from you and your management team who lead and support the staff and guide your learners. This dedication to excellence in education from all who work and learn in your institution is laudable.*

*I take this opportunity to congratulate you on an exceptional set of results in 2019 and wish you all the very best for a successful 2020.*

### Academic Information

As discussed at the Grade 8 to 12 Parent Information Evenings, all the important academic information can be found on the Reddam House Umhlanga APP under the tab ACADEMIC: COLLEGE. Important and useful tools for parents include:

### Cycle Test Schedule

Cycle tests are written on a Tuesday and Thursday morning at 08:30am. As this is a formal assessment, a doctor's certificate is required should a student miss a cycle test day. The cycle test schedule is useful for parents to assist their children in being adequately prepared for the assessment. It is loaded termly.

### Assessment Planner

Teachers will fill in every assessment that a student can expect each term. This includes all informal assessments as well. This is a useful tool for helping to plan a student's week and ensuring they stay on top of all academic expectations. Although we will stick to this planner as much as is possible, there will be instances where an assessment may be changed. Teachers will communicate directly with the students, should this be the case.

### Academic Support Lessons

Academic Support lessons are available every afternoon from 14:30 to 15:15 before the extramural programme commences. In subjects with greater demand such as English, Afrikaans and Mathematics, smaller, focused classes have been organised to better structure the support programmes. Further to these classes, teachers in these departments are also available after 15:15 on specific days. The full support schedule is also available to parents on the app and outlines support class times as well as focused group days and times.

### MiEbooks APP

Another useful tool for parents to review student progress is through the ITSI, MiEbooks APP on your child's iPad. By scrolling down the menu button, you will see 'Analytics'. Once pressed you can review exactly how much time your child is spending on the tasks and work set by the teacher. It also gives a comparison to the grade averages. Should you need further information as to how this works, you can meet with a representative of ITSI at the College reception or alternatively contact your child's Grade Head.

### Visual Art Excursion

The Grade 10, 11 and 12 Visual Arts students visited three art galleries in Durban on 21 January. The first visit was to the Durban Art Gallery in the center of Durban. This gallery is presently hosting an exhibition which focuses on South African artists who are featured in the Grade 12 syllabus. All students were required to identify particular artworks and write up visual analyses on their own of artworks that they liked.

The second stop was at the KZNSA Gallery in Glenwood where there is an exhibition hosting the work of young South African artists based around the theme: 'An Unfurling'. Finally the group ended up at a new gallery called Tamasa in Morningside which has a collection of contemporary South African art on show.

## **CULTURAL NEWS**

### **Choir Camp 2020**

The College's inaugural Choir Camp was held in the Creative and Performing Arts Centre on 18 and 19 January. Choir members participated in workshops led by Durban's best choir conductors, choreographers and vocalists in a fun-filled, energetic programme that focused on both South African and classical music. Well known Durban theatre personality, Daisy Spencer, put them to work in a staging and choral choreography workshop. The choir also enjoyed team building activities which were coordinated by Choir Captain Sarah Donkin and Vice-Captain Lerato Mudau. We look forward to seeing the choir putting to work what they have learnt during the course of the year.

### **Visual Art Competition Winner**

Thoraya Bonnin (Grade 12) was placed first in a national student competition run by the South African Artist Magazine last year. Her work is published in issue 49 of the magazine and she will receive a hamper of DALA art products worth over R2 000 as her prize.

## COMMUNITY SERVICE INFORMATION

### Compulsory Community Service Initiative

Community service is integral to a holistic education as it encourages students to develop an understanding of civic responsibility and the role they can play in supporting and strengthening their communities. Community involvement also increases student awareness of community needs and how they can make a positive difference. Helping others enhances the self-image of students and fosters a greater sense of belonging to the greater whole.

This year sees all College students being expected to complete a **minimum of 15 hours of community service** during the school year. These hours will be reported on in the second and fourth terms on each student's report. Eligible activities are activities that are performed for non-profit organisations. There are many opportunities for our students to complete these hours through school based initiatives, but they are also encouraged to organize their own community service projects.

All students are required to keep accurate records of the hours they have accumulated. This can be done using the Service Record Sheet that was handed out to all students earlier in the week. Alternatively, a link will be accessible through the Outreach tab on the Reddam House app where students can log their hours. It is advised that students keep hardcopies of their service hours as this is important for their Life Orientation portfolios. Please note that a maximum of 8 hours can be claimed on any one day.

## SPORTS NEWS & INFORMATION

## New Sports Calendar on the Reddam House Umhlanga APP

We have attempted to make finding relevant sports information on the Reddam House Umhlanga app more user friendly and comprehensive. Please refer to the College Sports tab for access to the new sports year calendar where sports festivals, tours and fixtures can be seen at a glance. This calendar in turn can be synced to your own personal electronic calendars for ease of access.

## Extramural Expectations 2020

Extramural involvement is an important component of a holistic Reddam House education in order to develop confidence as well as social and physical wellbeing. Our policy requires that our students must add value to the school either on the sports field or in qualifying cultural activities per term. If, for some reason, a student cannot attend a sports practice, the student must hand a letter excusing him/herself to the manager/ teacher in charge of that sport or cultural activity. Strict registers will be kept of students' attendance.
